## *A Note from Their Excellencies...*

---

Photo credit: Barones Machteld Cleine

*Greetings, dear populace! We, Elphin and Delia, hope this missive finds you as well as can be expected in these difficult times. The world seems to be increasingly full of strife, cruelty, inequity and not a small amount of idiocy. We yearn for a return to our favorite pastime, to immerse ourselves in the Dream and be surrounded by our friends again. However, as time passes, it becomes ever clearer that when we do “return to normal”, it will be a new normal. Nevertheless, we will persist. We will be engaging that “C” in SCA like never before as we navigate these uncharted waters.*

*Do not despair, for where there is a will there is a way! There are going to be two events this month held virtually: Southern Atlantian Archery Day June 5-7th and Atlantian University on June 13th. You must register online to*

take classes, so get to that ASAP. We know that this isn't exactly what we were all yearning for but still: events! While We miss our chosen family dearly, We recognize the need for continued caution.

In speaking with Their Majesties and our more Southern Cousins, it was pointed out that we in the south will most likely be groundbreakers when it comes to Atlantian events. As restrictions are eased in the less populous south, we will be the ones who need to figure out how we start holding events safely with all thought to balancing caution and our need to connect with one another to play our game. Attention must be paid to best practices as defined by the experts so that we can ensure everyone who comes to an event goes home safe and sound. This same care must be taken at any practices when we are cleared to hold them again. Stringent rules must be followed to ensure everyone's safety: the last thing we need to do is give this disease one more victim. And please be aware the rules may need to be quickly adjusted as conditions and knowledge of this deadly virus continue to evolve.

On a more positive note, Virtual Atlantia has really taken off, with many diverse classes and tutorials available for anyone interested. We encourage everyone to participate as they are able. If we cannot attend events in person, at least we can expand our minds.

In a final note: if anyone needs help in these difficult and trying times please reach out; if not to Us then to someone or if nothing else visit the Disaster Distress Helpline at <https://www.thehotline.org/>. No one needs to suffer in silence.

Yours in Service,

Elphin and Delia, Baron and Baroness

*Here we are, another month into the Year of Hell known as 2020. Whomever is playing Jumanji, please finish the dang game already!*

*I hope you all are doing well, at least as far as can be expected. The states are opening up somewhat, but please, please, please be careful if you go out. Continue to take sensible precautions. We haven't seen each other since February/March, and we want to make sure we see each other when this has calmed down.*

*Now, of course, we have instances of civil unrest throughout the nation. Please, again, be careful, be sympathetic, and be decent. I know you all will. Be there if someone needs you.*

*We will get through this.*

*I'm really missing everyone. I'm having to do doubletakes at customer sites, but I'm seeing people that at first glance look like some of you. It's kind of uncanny.*

*In this issue of the Quill is, once again, the proposed changes to the Baronial Financial Policy that was put forth several months ago. Please look over it again, as there have been some modifications from the original proposal due to feedback from some members of the Barony as well as the Kingdom Exchequer.*

*I would like to schedule an online Baronial Meeting for Saturday, July 11 at 4pm in the afternoon. Information will go out about the platform we will be using. It will probably be either Discord or Google Meets.*

*Reminder to everyone that per the Kingdom Seneschal and Their Majesties, there are to be NO official gatherings, A&S Nights, Fighter Practices, etc. for the time being. You can have private get-togethers if you want, but they can't be mentioned or advertised on any SCA media. If you do hold something like this, please be careful and follow local rules and regulations.*

*We still need a Baronial Chatelaine. I'm surprised that after 8 months, no one has offered their services. We are really going to need someone to take on this role, especially after this Covid-19 Pandemic gets done, and we go back to relatively normal activities. People will have been cooped up for quite some time, and will be anxious to get out and try new things, and having a Chatelaine available will be a necessity. It's not a hard job. Give it a try!*

*One final thing. The Society has been very gracious at not worrying about expired memberships these few months we've been in lockdown. This was a good gesture for people who were having issues making ends meet. However, they have announced that as of July 1, they will not be able to continue with that. So, if your membership has lapsed, you will need to renew it by July 1 if you are able. A reminder that all Canton and Baronial officers MUST be paid members of the SCA. If your current situation does not make it possible to renew your membership at this time, please reach out to me privately, and I will see what can be done to help you. All communication on that will be strictly confidential.*

*Likewise, if you are in a position to be able to assist others with memberships, please let me know privately as well. Family takes care of one another.*

*In closing, again, reach out if you need something. Supplies, food, a shoulder to virtually cry on, someone to listen to...we are here for each other, and we will take care of each other.*

*I miss you all. Please be safe and careful. Practice human decency. And hang in there.*

*Be well, and Be Kind.*

Seneschal, Barony of Nottingham Coill*

# *Baronial Officer Position Open!*

---

*Hear ye, hear ye!*

*We still have one Baronial Office open in the barony that we need to fill.*

## *Chatelaine*

*We need someone to fill the office of Baronial Chatelaine. This office has been vacant now since October of 2019. We REALLY need to have someone step up and take it on.*

*The Baronial Chatelaine is the face of the Barony, helping with recruitments, demos, Gold Key at events, holding/encouraging Newcomer classes, and basically helping to get new people into the SCA and keep them here.*

*If you are interested in this Baronial officer position, please send a letter expressing your interest to myself ([cian@sc.rr.com](mailto:cian@sc.rr.com)) and to Their Excellencies ([Baronage@nottinghillcoill.atlantia.sca.org](mailto:Baronage@nottinghillcoill.atlantia.sca.org)). If you have any questions about the position and the responsibilities, please reach out to Their Excellencies or myself.*

*-Maistir Cian*

*Baronial Seneschal*

# *Baronial General & Financial Policy Review*

---

*Unto the populace of the Barony of Nottingham Coill, greetings from your Baronial Seneschal.*

*Their Excellencies and I have done a review of the Baronial General and Financial Policies, and have determined that there are a few changes that need to be made.*

*I am posting the proposed changes for the populace to look over, and make any comment they wish. On Saturday, July 11 at 4:00 PM, there will be a virtual online Baronial Populace meeting to discuss these changes and vote on making them a permanent part of the General and Financial Policies. If you have any questions or comments, please feel communicate them to Their Excellencies and myself in advance of the meeting, if possible.*

*Please note, there have been some minor revisions since the March Quill based on feedback from some members of the populace as well as the Kingdom Exchequer.*

## *Financial Policy for the Barony of Nottingham Coill*

### *Section 1.3*

#### *Currently Reads*

*“This document shall be reviewed annually at the Baronial Meeting at the Baronial Birthday event”*

#### *Proposed Change*

*“This document shall be reviewed annually at an event within the Barony”*

#### *Reasoning*

*This removes the restriction of reviewing at a specific event, and gives a little leeway to when the Financial Policy can be reviewed. Baronial Birthday is a*

*very busy and hectic day for Their Excellencies, so this will give a little breathing room.*

## **Section 2.2**

### Currently Reads

*“The Exchequer shall, upon request, provide access to the Barony’s financial reports and books to any member of the Barony and shall publish the annual Doomsday Report in the February issue of the Baronial Newsletter”*

### Proposed Change

*“The Exchequer shall, upon request, provide access to the Barony’s financial reports and books to any member of the Barony. The Comparative Balance Statement and Income Statement shall be published in the February issue of the Baronial Newsletter”*

### Reasoning

*This is an area that we have not been compliant in for several years, and needs to be addressed. There really is no need for the entire Doomsday report to be published, but the SCA Financial Policy does state:*

*“Financial statements (consisting of the Comparative Balance Statement and the Income Statement) must be made available to the public at least annually, whether published in a newsletter or distributed to the membership in some other form.” - SCA Financial Policy (Approved 8/27/2019), Section I, part C.*

*Therefore, we are proposing that the text be changed from Doomsday Report to a simple Comparative Balance Statement and Income Statement.*

## **Section 3.6**

### Currently Reads

*“The Financial Committee shall report all of its activity to the populace at the next scheduled Baronial meeting and in the Baronial newsletter”*

### Proposed Change

*“The Financial Committee shall report all of its activity to the populace at the next scheduled Baronial Meeting, and will make that information available to anyone who submits a request in writing.”*

### Reasoning

*The report can be done verbally at a meeting, but will also be available in writing to anyone who requests it.*

### **Section 4.1.1**

#### Currently Reads

*“The Event Steward shall present a proposed budget for an event to the Financial Committee for review and approval at least six (6) months before the date of the event. The Financial Committee may choose to reduce this six (6) month schedule under extenuating circumstances, such as a request from the Crown or an event being small enough in scope that six (6) months’ lead time is not required. A final itemized budget shall be presented not later than ninety (90) days before the start of the event.”*

#### Proposed Change

*“The Event Steward shall present a proposed budget for an event, sponsored or underwritten by the Barony, to the Financial Committee for review and approval at least six (6) months before the date of the event. The Financial Committee may choose to reduce this six (6) month schedule under extenuating circumstances, such as a request from the Crown or an event being small enough in scope that six (6) months’ lead time is not required. A final itemized budget shall be presented not later than sixty (60) days before the start of the event.”*

### Reasoning

*Clarification that this is only for events run by the Barony, not the Cantons, and 60 days should be sufficient time without being overly long or short.*

### **Section 4.2.1**

#### Currently Reads

*“All checks shall be photocopied and deposited in a timely manner, within not more than two (2) weeks of receipt.”*

#### Proposed Change

*“All checks shall be photocopied, scanned, or photographed, and deposited in a timely manner, within not more than two (2) weeks of receipt.”*

### Reasoning

*Adding additional methods, since much is digital these days.*

### **Section 4.2.3**

#### Currently Reads

*“All event proceeds shall be deposited within five (5) days after the conclusion of the event.”*

#### Proposed Change

*“All event proceeds shall be deposited within seven (7) days after the conclusion of the event.”*

#### Reasoning

*This gives a little leeway to allow for things such as travel, vacations, or holidays messing with scheduling.*

*\*This proposed change has been struck down, as Kingdom Policy requires 5 days, and we cannot have a less lenient policy than the Kingdom. \**

### **Section 5.1.2**

#### Currently Reads

*“Requests for reimbursement of event-related expenditures must be submitted within five (5) days of the close of the event and must have the approval of the Event Steward.”*

#### Proposed Change

*“Requests for reimbursement of event-related expenditures must be submitted within seven (7) days of the close of the event and must have the approval of the Event Steward.”*

#### Reasoning

*This gives a little leeway to allow for things such as travel, vacations, or holidays messing with scheduling.*

*These changes have been vetted and approved (with some refinement to the original intended changes) by Their Excellencies of Nottingham Coill, the Kingdom Exchequer, and myself.*

*Again, if you have commentary, questions, suggestions of additional changes, etc., please contact Their Excellencies and myself.*

*-Maistir Cian, Baronial Seneschal*

## *Event Stewards Needed!*

---

*I know things are up in the air for events right now, but looking to the future, the Barony has 2 major events coming up that we need event stewards for. Yule Toy Tourney (typically 2nd weekend in December) and Nottingham Coill Baronial Birthday (typically in January or February).*

*We need to get planning starting on this soon, and get the desired weekends reserved.*

*If you are interested in being the autocrat for either of these events, please start working on a bid and get it submitted to the Baronial Financial Committee as soon as you can. If you have any questions on running these events, please feel free to ask.*

*Let's not wait until the last minute. Once the restrictions on activities lifts, a lot of places are going to be booked really quick as groups try to make up for lost time.*

*Cian, Seneschal*

## *From The Nottingham Quill, June A.S. XIV (1980)*

### *HIS EXCELLENCY'S MISSIVE*

*Principality Twelfth Night was a starting point. The end of that event was the moment we became a barony, and I would like to state how fortunate we are to have caring citizens such as you who worked over and beyond the call of duty to make our baronial dream come true. You have my undying love and loyalty.*

*Principality Twelfth Night was a starting point. In the very few weeks since that event, the Barony has been involved with four events, each hosted by each of the Barony's four cantons. The first was the Baronial Birthday Party hosted by Cyddylaine Downs; the second was the Feast of the Thirty hosted by Falcon Cree; the third was the Sut-lond Tourney and Crafts Faire hosted by FnaedHom; and the fourth was the Warrior's Games hosted by the Tear-Sea's Shore. By the time you read this missive, there will have been a fifth event, Storming the Hilltop Forts, hosted by Cyddylaine Downs. Certainly no one can accuse us of being inactive.*

*Principality Twelfth Night was a starting point. At that moment we all entered into a new loyalty and a new unity. In no way do I wish to hide the unique identities of our several cantons. Each has its specific role to play in the Barony, and each must always be identified in its own right; after all, without the cantons there would be no Barony. However, let us not forget that we are also one. This unity is manifested primarily in the person of the Baron, but I, as Baron, expect this unity to be visible in a very practical way in the day-to-day relationships among our citizens. In other words, as the citizens of Nottingham Coill are expected to be loyal to their Baron, they are also expected to be loyal to each other as cantons and as individuals. As someone in the New World will one day say, "We must hang together, or we will hang separately."*

*Principality Twelfth Night was a starting point. Let us all be sure that for us it was the beginning of something great.*

*I love you all.*

*Lord Gavin Reynes, Baron Nottingham Coill*

# *Baronial A&S Officer Letter*

---

*Greetings, Family!*

*If you haven't joined the Nottingham Coill Online A&S Competition on Facebook, I would very much encourage you to do so. It's the lowest stress A&S competition in existence. If you just want to look at what others are making and vote for your favorite, that's good too. Our winner of our March competition was Sandra Lagnese, with gesso and bole preparations. Master Lucien was our April winner, with tinker's anvils. If you don't use Facebook, you can still enter by e-mailing a photo of your current project to me at [renee.hougey@gmail.com](mailto:renee.hougey@gmail.com).*

*The deadline for pre-registration for Summer University is June 5th, for the June 13th University. You cannot participate if you are not pre-registered, due to technical challenges the current format presents.*

*The next article in the stained-glass series will be on glass grinding. Ground glass opacities in the lungs are not something I want to mess with, and I ran out of N-95 face masks. My desire to grind glass, though, is really not comparable to the potential of accidentally spreading a viral cause of the same complication. Stained glass can wait, and I will continue to use a cotton mask when out of the house. Stay safe.*

*In service,*

# *Rambling Praise of the Dorking Breed*

---

*....by Lady Cyneswith of Lost Forest*

*Chickens. I've now had 8 different breeds, and one stands far above the rest. The Dorking chicken dates back to the Roman empire. It's unclear if the Romans introduced them in Britain, or if they are a 100% British breed, but these 5-toed, short legged table birds date back to at least the first century A.D.*

*The Romans and British prized the Dorking for its unique flavor/delicate texture, to the point that it was reputedly illegal to sell a living Dorking chicken for many years. This resulted, of course, in the breed being relatively scarce.*

*I cannot attest to the flavor profile of a Dorking. What I can attest to is their personality. These birds are the funniest, friendliest, and boldest of my chickens. They will fly in the windows if we leave them open and jump in my lap or on the back of my chair at any opportunity. One will even wedge herself behind the refrigerator at every opportunity because she knows it means more time with her people.*

*More practically, the Dorking is decent laying breed, producing roughly 3 medium to large white eggs a week, without a winter production drop off. They are both heat and cold-hardy, and good foragers that like to stick near home. Their biggest downside is that, as a short-legged breed, they are more likely to get their chest feathers messy.*

*I like this breed so much that my latest batch of chicks includes six Dorkings, including two roosters, so I can start breeding some of these adorable, goofy birds to pass along the joy.*
